Estudio Villano – Attorneys at Law & IP Agents is an Argentine firm led by Dr. Julio César Villano which provides legal financial and consulting services for companies and individuals regarding commercial, transport, civil, work, environmental and regulatory matters jointly with a highly-qualified team of professionals. To provide a better quality service, the firm counts on the valuable of counsel contributions of Dr. Marina Donato and Dr. Alba del Valle Thomas Hatti.

Dr. Marina Donato has over forty years of experience in air transport in the university level and also as Argentine and international official in said area. She has also successively been Secretary General of the Latin America Commission for Civil Aviation CLAC through background and experience examinations and Senior Official of the ICAO in Lima (Peru) and after that she acted as Director of Air Transport in the same international organization located in Montreal (Canada). She was the founder and first Director of the Centre for Management Training of Civil Aviation Dr Assad Kotaite in Panama. A year later she became Undersecretary of Commercial Transport under the authority of the Secretariat of Transport in the Argentine Republic. She published several articles in national and international specialized magazines and she is full member of some prestigious academic entities. Currently, she holds the post of Secretary General of the Latin America Association for Aeronautic and Spatial Law ALADA (as per its Spanish acronym).

Dr. Alba del Valle Thomas Hatti is highly recognized for her sound knowledge on regulation and public services' administration, security audit and control on commercial air, railway and multimodal transport services and logistics applied to cargo and passengers transference centres. She has experience on the administration of real state infrastructure of private and public inclusion and on trusteeship administration and property securitization.

The firm is strategically located in the city of Buenos Aires, capital city of the Argentine Republic (where the National Institution of Industrial Property and many other main agencies are located) and provides services both in the country and abroad since it has various professional collaboration agreements with prestigious firms specialized in IP in Brazil, Uruguay, United States of America Europe and Asia.

Estudio Villano – Attorneys at Law & IP Agents is a Global IP Attorneys' Partner <www.globalipattorneys.com>. It is able to assist both local and foreign clients due to numerous collaboration and professional subsidiary agreements with foreign firms. It has recently signed agreements to provide professional solutions on IP matters with Intellectus (a worldwide Trademark, Patent and IP firm), Wise Advice (Russia) and Goodwill Trademark & Patent Services (India, Pakistan and Afghanistan) among others.

Since 2008, the Firm elaborates and distributes a monthly Newsletter worldwide among colleagues and clients -which includes and International IP Law Section- where regulatory and jurisprudential developments related to IP matters are reflected and analysed. It has proudly received many international contributions from a variety of distinguished IP lawyers, practitioners and academics. It may be reached free of charge at: <<http://estudiovillano.com/estudio-villano-abogados-marcas-patentes-newsletter.html>>.

Specifically related to IP matters, the firm renders national and international trademark registration services, trademark protection against unlawful competition, counterfeit with repair of material and moral damages, patent registration and protection services on the national, European and international level, patent search, litigation and translations, industrial design and copyright registration and protection services and domain name registration and dispute resolution services.

Dr. Julio César Villano is an attorney and an Industrial Property Agent, member of various professional communities related to industrial property. He is also a member of Martindale - Hubbel Connected® <www.martindale.com> and he practices law with a particular emphasis on industrial property matters, copyright, brands, patents, industrial drawing and design rights and the legal protection of software. He is fluent in English, French and Italian.

With an outstanding academic and university experience of more than 20 years, Dr. Villano is the author of the chapter TRADEMARKS IN ARGENTINA from the books Getting the Deal Through – TRADEMARKS published in 2010 and 2011 by Law Business Research Ltd., London and distributed to 51 countries worldwide.

Mentioned chapter TRADEMARKS IN ARGENTINA 2012 was first published in October 2011. Contributing editors: Stuart Sinder and Michelle Mancino Marsh, Kenyon & Kenyon LLP. For further information please visit <<http://www.GettingTheDealThrough.com>>.

We understand that in recognition of our experience, honesty, professionals' credits, hard work commitment and customer satisfaction policy, Estudio Villano - Attorneys at Law & IP Agents has been awarded "Argentine – Trademarks Law Firm of the Year for 2011".
